

Block of the Month – October 2024

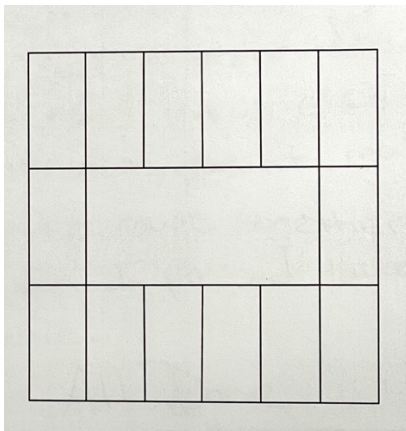

12” finished block

White center – 1 piece 4 ½” x 8 ½”

Color pieces – 14 pieces 2 ½” x 4 ½” of 1 color family (blue, red, green, orange, purple, yellow, etc.)

1. Sew 1 color piece to each side of the white piece. Press towards the color.
2. Lay out the remaining color pieces in a pleasing order into 2 rows, 6 colors in each row. Press each row all in one direction. It doesn't matter which way.
3. Sew the rows together like the diagram below. I pressed towards the white square.

All done!

Example of a quilt layout:
